

INSURGENTS TRIUMPH

Johnson Wins Out Over Bosses, Machines and Everything Else

INSURGENTS MAY WIN IN NEBRASKA

By Associated Press.
OMAHA, August 16.—That it would not be possible to forecast the result of today's state wide primary in Nebraska before late Wednesday is apparent tonight, because the polls remained open until 9 o'clock tonight in most of the counties, and in several they did not close until 10 o'clock.

OMAHA, Neb., August 16.—Three precincts in this county at 10 o'clock tonight gave much encouragement to Dahlman and Cady, candidates for governor, respectively, on the democratic and republican tickets.

At midnight it is apparent that Judge Sutton, insurgent, has been nominated by the republicans for congress. His majority so far exceeds 500.

NEW YORK, August 16.—Mayor Gaynor's progress toward recovery continues, according to his physicians.

MAYOR ORDERS POLICE WITHDRAWN FROM CARS

State Troops Now in Control of Strike Affairs at Columbus, With Adjutant General in Command.

By Associated Press.
COLUMBUS, O., August 16.—Under orders of Mayor Marshall all police were withdrawn from the cars they were guarding during the traction strike at 8 o'clock tonight. The mayor stood by the declaration made today that he would not be responsible for operations during the night, although shortly after the announcement of his intention in this respect had been made known, he was summoned to a conference at the state house by Adjutant General Weybrecht.

UNCLE JOE'S FIGHTING BLOOD IS NOW BOILING

WILL BE RE-ELECTED AND A CANDIDATE FOR SPEAKER THINKS HE'LL WIN.

By Associated Press.
CHICAGO, August 16.—The Inter-Ocean of Tuesday morning printed an interview with Joseph G. Cannon in which he denounced the insurgents and says he will be a candidate for the speakership of the next house and declares the reports that contemplated reorganization of the republican party originated with the insurgents and the democrats. Referring to the dispatches from Beverly, Mr. Cannon said: "I do not believe President Taft contemplates any such action. The president is not the kind of a man

AVIATOR CAUSES TROUBLE.

By Associated Press.
DOUAI, France, August 16.—An outcry is being made by the German newspapers because a French aviator on Thursday last accidentally crossed the frontier. Some of the papers suggested that he ought to have been shot. Le Blanc, who is one of the contestants in the cross country flight, last night refused to shake hands with a German officer who asked permission to congratulate him.

SPANISH CITIZENS OBSERVE FEAST

By Associated Press.
LOS ANGELES, Cal., August 16.—Observance of the 129th anniversary of the founding of Los Angeles was confined to a celebration in the old Mission church patio, of the original Sonoratown last night. The feature was the presence of General Antonio Aguilar, 90 years old, who led the Mexican forces against Fremont, whose principal battle raged about Bunker Hill, at the foot of which the church stands. In his old uniform, he waited with a 16 year old senorita. He puts on his old uniform twice a year, for the Los Angeles anniversary and the Mexican day of independence.

Expected That His Plurality Will Run Up In the Thousands.

Indications Also Point to the Defeat of "Regular" Congressmen.

By Associated Press.
LOS ANGELES, August 16.—The Evening Express claims that Johnson has swept the state and that Wallace for lieutenant governor is also nominated. Stephens, insurgent, is nominated over McLachman for congress in this district, it is also claimed.

LOS ANGELES, August 16.—One hundred and five precincts complete, out of the 230 in this city, give Johnson 2,807, Stanton 2,232, Curry 645, Anderson 396 and Ellery 17.

SAN FRANCISCO, August 16.—Twenty-three scattering precincts out of 318 give Anderson 527, Curry 1,266 and Johnson 1,113.

SAN FRANCISCO, August 16.—The Chronicle concedes the nomination of Johnson for governor. The registrar predicts 2,000 plurality from this city.

SAN FRANCISCO, August 16.—Scattering returns from seventeen counties, including Alameda and San Francisco give Johnson 5,911, Curry 5,699 and Anderson 4,609.

SAN FRANCISCO, August 16.—Pitted against the "old guard" republicans, the strongest personal political machine the state has ever known, the "insurgents," the newest issue in republican politics, won a sweeping victory in California today at the first direct primary election held under the act passed by the last legislature. From returns received up to midnight it is certain that Johnson, insurgent republican, has been nominated by his party for governor.

The indications are his plurality over Curry will be large. Curry's main strength lays in this city, but it is now almost certain that Curry will go out of this city with less than 3,000 plurality. Johnson's plurality in the south outweighs this by many thousands. In line with Johnson's victory is the close fight in the second congressional district, where William Kent, in-

surgent, locked horns with Duncan McKinlay, who several times has been his party's choice for the post at Washington. At Midnight Kent led by a small margin.

His adherents claiming his nomination a triumph, Johnson had this to say tonight:

"This fight has been on progressive lines and clearly defined. We entered the fight with a serious purpose; with one great issue which we presented to the people of California for their determination. They have declared in favor of taking back their government, which, for more than a quarter of a century, has been the asset and chattel of the Southern Pacific political bureau. We have taken our republicanism from the brave insurgents of the east, who have fought a great fight and aroused the civic conscience of the nation. In this, the first opportunity to choose for themselves without intervention from political bosses, they have justified the belief confidently expressed throughout our campaign, that people invariably decide for right when it is squarely presented to them."

That insurgency is victorious in California the most complete figures obtained at midnight showed that Anderson, the standard bearer of the republican organization, came out of the contest a poor third. Totals from 503 precincts throughout the state give Johnson 15,578, Curry 11,014, Anderson 5,750. Late figures from 351 precincts in the state, exclusive of San Francisco, give Stanton 2,176, Ellery 149. Tomorrow Johnson and Theodore Bell, the democratic nominee, will begin to fight for the governor's chair. Tonight Bell said:

"I have defined my position many times in unequivocal language on all of the public questions of the state. The southern Pacific political bureau will not be permitted to dominate political affairs. If I am elected governor the Southern Pacific will receive only the same equal consideration that is accorded to other business interests; nothing more, nothing less."

CHARGES THAT VENIREMEN HAD BEEN APPROACHED

By Associated Press.
CHICAGO, August 16.—Declaring practically that all of them had been "approached" in connection with the trial of Lee O'Neil Browne, Judge Kersten today dismissed the panel of 75 veniremen who were subpoenaed in the work of selecting the jury. The judge pronounced the situation "deplorable." The veniremen will appear in court tomorrow for investigation by States Attorney Wayman.

Wayman made the assertion in court that he could prove by a detective employed by the defense that the latter had systematically sought out every prospective venireman either by direct approach or through their families or households. At-

torney O'Donnell for Brown asserted that the veniremen had "been seen" by agents of a third interest and that neither the defense nor prosecution was interested for political reasons in the downfall of Browne.

GUARD AT COAL MINE KILLED BY DEPUTY

By Associated Press.
LAFAYETTE, Colo., August 16.—Standing with his hands raised above his head, Barney Fowler, chief guard at the Standard mine, was shot and seriously wounded yesterday afternoon by John Cassidy, town marshal of Lafayette. The shooting was the result of a bitter feeling existing between the striking coal miners, with whom, it is said, Cassidy was in sympathy.

KILLED BY WHITE SLAVERS.

By Associated Press.
RATON, N. M., August 16.—Tom Tomick, a miner, was shot and killed by an unknown man in a saloon here today while an accomplice of the murder held his arms. Both the murdered and the accomplice escaped. The murderer and his companion are thought by the police to be "white slave" traders into whose clutches Petra Petrovich, a Montenegrin girl, who was to have married Tomick, fell, while passing through Chicago. The police believe she was followed by the murderer and his companion.

LOOKS LIKE ROOSEVELT WOULD JOIN INSURGENTS

Ex-President Turned Down by State Committee and Issues Statement in Which He Declares Himself a "Progressive."

By Associated Press.
NEW YORK, August 16.—Roosevelt matched his strength with the "old guard" of the republican party in New York state today and met a decisive defeat. The republican state committee in session, by a vote of 20 to 15 refused to recommend him as temporary chairman of the state convention which meets at Saratoga on September 27th. Instead Vice President Sherman was selected. This is the colonel's second defeat at the hands of the "old guard," the first having been the legislature's refusal to pass the Cobb direct primary bill, although Roosevelt especially endorsed it. As soon as the colonel heard the news he issued a statement in which he enrolled himself as a progressive so far as the New York situation goes. Today's repudiation does not ne-

cessarily mean that the colonel will not be temporary chairman after all, as the delegates themselves will finally decide this.

BEVERLY, Mass., August 16.—Beverly was upset today when the news came from New York of the defeat of Roosevelt for temporary chairman of the New York republican state convention. President Taft made no comment for publication. The statement issued by Roosevelt apparently placing himself squarely on the side of the "progressives" created much comment here. What effect today's developments in New York may have upon the reorganization plans that have been in progress is a matter of conjecture, so far as can be learned, but there is a disposition at Beverly to "stand pat" on the plans as announced.
